Dear Brother Deane,

On behalf of the membership of Teamsters Local 814, and especially the workers at Waldner's Business Environments, we want to thank you and UAW 2320 for standing with us and supporting our fight.

Your solidarity, along with so many others, was instrumental in our victory. Special thanks to your members at the Court St office in Downtown Brooklyn who saw our members picketing a scab delivery there and quickly joined the picket line en-masse, complete with signs and banners. Their militant display not only lifted our members spirits but lead to the building manager calling Waldner's and threatening the company with the loss of an important and long-standing account.

The settlement that you helped us achieve guarantees that Waldner's will continue to provide New Yorkers with good, union jobs.

This wouldn't have happened without all of us, collectively, standing up to the company. We thank you again and pledge to join you in any future fights to protect or advance the interests of our city's working class.

in solidarity,

The Executive Board of Teamsters Local 814
